

## Online Enrollment Systems

**Online Enrollment Assistance is part of E<sup>3</sup> Employer Solutions™**

***E<sup>3</sup> = Encourage. Empower. Exchange.***

Online enrollment systems are web-based, pre-screening and enrollment tools making health insurance enrollment EASY with 24/7 access anytime – anywhere. Your employees will complete a single questionnaire that will create enrollment information for medical, dental, vision, life, disability, etc. Your employees will be delighted by NO more redundant data entry and countless forms. Fessenden Consulting Group can help you find a system to match your needs and your budget.
